

# SPRINT 4

*Punches Above Its Weight!!*

Product Sheet

SPRINT 4 is the 2.5-way standmounter inherits the ATALANTE line technologies.

SPRINT proudly inherits the same technology that powers our ATALANTE line, with a twist that makes it uniquely SPRINT. It features a 28mm RASC soft-dome tweeter and built-in ARID (Anti-Reflection Inner Dome) patented technology. With its specialised back-chamber design, this stylish speaker design is capable of absorbing over 95% of unwanted resonance within any space to elevate your listening experience, whether you're reminiscing over your vintage vinyls or playing your favourite new playlists of the 21st century.

SPRINT 4 also features two of the first-in-high-end BSC (Basalt Sandwich Construction) 7" woofer, perfectly balancing out rigidity and lightweight design. With superior damping construction, SPRINT promises a rapid yet smooth response with impressively tight bass dynamics.

The ELYTRON front baffle is an original Revival Audio creation; a stylish speaker design developed through hundreds of hours of painstaking simulation. Such listening precision has never been seen before at its level, and won't be seen again soon from any other manufacturer, unless they copy SPRINT. But that's ok, because that's our goal: To create new trends and technology in the speaker industry, with sound precision that must be heard to be believed.

Type	2.5-way loudspeaker
Drivers	<ul style="list-style-type: none"> <li>• 1 1/8" (28mm) soft-dome tweeter equipped with Revival Audio ARID (Anti Reflection Inner Dome) patented technology with a large back chamber with a low resonance frequency of 650Hz</li> <li>• 7" Mid/bass (18cm) BSC (Basalt Sandwich Construction) woofer</li> <li>• 7" Bass (18cm) BSC (Basalt Sandwich Construction) woofer</li> </ul>
Frequency Response (+/-3db)	45Hz - 22kHz (-3dB)
Sensitivity (2.83V/1m)	89dB/2.83V/ 1 metre
Nominal Impedance	4 ohms
Minimum Impedance	3.8 ohms at 200Hz
Crossover Frequency	1.6kHz and 2.2kHz
Recommended Amplifier Power	Power handling: 180 watts, starting from 30-50 watts.
Recommended Room Size	30 to 60 m2
Dimensions (H*W*D)	1060 mm x 213 mm x 307 mm
Net Weight	20.6 kg (45.42 lbs.)
Finishes	Walnut, Satin Black, Light Oak
